

***Message for the Parkland High School shooting victims:***

*This is our message to the victims, friends and families of the school shooting at Parkland High School.*

*As the Zone Administrator of the Central Florida District Key Club, I personally want to express my condolences to all the victims, families and friends that have been affected by the horrible event of February 14<sup>th</sup> 2018.*

*It is very difficult to understand the loss of 17 lives, which included 2 Key Club members and a coach/teacher to whom is related to someone we know. We hope that no one in the future will ever have to experience this kind of traumatic attack again. Our agency prays for this community and the nations healing, as they deal with injuries, feelings and emotions.*

*The “**Filichia Insurance Agency**” sends our support as we all create a more peaceful future for the children of the world.*

*Bob Filichia*
